INDEPENDENT ACCOUNTANTS' AUDIT REPORT

To the Board of Directors
Washington FIRST Robotics
dba FIRST Washington
Kent, Washington

We have audited the accompanying financial statements of Washington FIRST Robotics (a nonprofit organization), which comprise the statements of financial position as of June 30, 2017 and 2016, and the related statements of activities and changes in net assets and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Washington FIRST Robotics as of June 30, 2017 and 2016, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

**WASHINGTON FIRST ROBOTICS dba FIRST WASHINGTON
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2017 AND 2016**

NOTE 1.--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

Washington FIRST Robotics dba FIRST Washington (the “Organization”) is a nonprofit corporation founded in 2011 to inspire young people in Washington State to be science and technology leaders by engaging them in exciting, mentor-based programs that build science, engineering, and technology skills that inspire innovation and foster well-rounded life capabilities including self-confidence, communication, and leadership.

In supporting its operating agreement with the U.S. Foundation for Inspiration and Recognition of Science & Technology (“FIRST”), Washington FIRST Robotics formed the Pacific Northwest FIRST District in which all FIRST Robotics Competitions (“FRC”) and programs operate under for youth, 14-18 years of age. The PNW District is composed of FRC teams across Oregon and Washington. Washington FIRST Robotics is the legal entity that is financially responsible and facilitates the programs and competitions of the PNW District.

The Organization accomplishes its mission by implementing science and technology related after-school programs, robotics contests, professional development and community volunteer opportunities across the state of Washington and Oregon, collecting team fees and grants to fund the programs. In addition, the Organization is instrumental in assisting school districts and robotics teams who participate in the FIRST LEGO League, FIRST Tech Challenge and FIRST Robotics competition programs in applying for and securing grants with both governmental and private entities.

During the years ended June 30, 2017 and 2016, the Organization assisted in securing grants totaling approximately \$700,000 and \$705,000. These grants were awarded directly to specific public schools for support of their respective teams and as such, are not recorded in the financial statements.

Primary funding for its activities is derived from registration fees, contributions and grants.

Basis of Presentation

The financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted, and permanently restricted. In addition, the Organization is required to present a statement of cash flows.

WASHINGTON FIRST ROBOTICS dba FIRST WASHINGTON
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2017 AND 2016

NOTE 1.--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash and Cash Equivalents

For purposes of financial statement presentation, the Organization classifies all cash accounts and highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

Revenue Recognition and Contributions

Revenue received for program service fees and special events is recognized in the period to which it relates. Contributions are recorded as unrestricted, temporarily restricted or permanently restricted depending on the existence and/or nature of donor imposed stipulations.

Promises to Give

Contributions are recognized when the donor makes a promise to give to the Organization that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets. Unconditional promises to give are written off as bad debt when they are determined to be uncollectible.

Property and Equipment

Property and equipment are recorded at cost as of the date of purchase or fair value as of the date of contribution and depreciated on a straight-line basis over estimated useful lives ranging from 3 to 5 years.

Expenditures of \$2,500 or more representing major improvements, replacements, or extensions of useful lives are capitalized. Maintenance, repairs and minor improvements are charged to expense as incurred. The cost and accumulated depreciation of property sold or retired is removed from the related asset and accumulated depreciation accounts and any resulting gain or loss is recorded in the period of disposal.

During the year ended June 30, 2016, the company reduced its estimate of the useful lives of certain equipment to reflect more accurate lives and changing technology. This change had the effect of reducing the increase in net assets for the year ended June 30, 2016, by \$13,898.

Depreciation expense recognized in the years ended June 30, 2017 and 2016, was \$45,820 and \$71,517.

WASHINGTON FIRST ROBOTICS dba FIRST WASHINGTON
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2017 AND 2016

NOTE 1.--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Net Assets

Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified as follows:

Permanently restricted net assets: Net assets subject to donor-imposed stipulations that will be maintained permanently by the Organization. The Organization has no permanently restricted net assets.

Temporarily restricted net assets: Net assets subject to donor-imposed stipulations that may or will be met by actions of the Organization and/or the passage of time. When a restriction is satisfied, temporarily restricted net assets are transferred to unrestricted net assets and reported in the statement of activities and changes in net assets as net assets released from restrictions.

Unrestricted net assets: Net assets not subject to donor-imposed stipulations.

In-kind Donations

Property and equipment donated with explicit instructions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as temporarily restricted contributions. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service.

Donated facilities for exhibitions and offices are valued at fair market value. Donated services are recognized when received if the services require specialized skills, are provided by individuals or entities possessing those skills, and would typically need to be purchased if not donated. Around 5,600 and 5,000 volunteers provided a variety of services to the Organization in the years ended June 30, 2017 and 2016. The value of these services has not been recorded in the financial statements; further description of the services provided is included in Note 4.

Income Taxes

The Organization is a not-for-profit organization under the provisions of Section 501(c)(3) of the Internal Revenue Code and, as such, is subject to income taxes only to the extent of taxable unrelated business income. During the years ended June 30, 2017 and 2016, the Organization did not generate any taxable income and, therefore, no provision for federal income tax is necessary. In addition, the Organization qualifies for the charitable contribution deduction and has been classified as an organization that is not a private foundation.

WASHINGTON FIRST ROBOTICS dba FIRST WASHINGTON
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2017 AND 2016

NOTE 1--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes (Continued)

Accounting for Income Taxes guidance requires nonpublic entities to determine and evaluate uncertain tax positions. The standard requires entities to measure, recognize, and disclose certain tax positions. The term tax position includes, but is not limited to, a decision not to file a return, the characterization of income or a decision to exclude reporting taxable income on a tax return, and the entity's tax-exempt status. Management believes the Organization does not have any uncertain tax positions. The Organization may be subject to examination by the Internal Revenue Service for fiscal tax years 2014 through 2017.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These assumptions may affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Reclassifications

Certain reclassifications have been made to the June 30, 2016 financial statements presentation to correspond to the current year's format. Contribution revenue from board members is considered unrestricted and is now presented with unrestricted net assets on the statement of activities and changes in net assets. Net assets and the increase in net assets for the year were unchanged.

NOTE 2--PROMISES TO GIVE

Promises to give receivable of \$148,898 and \$206,187 as of June 30, 2017 and 2016, are all expected to be received within one year.

All unconditional promises to give are considered collectible; thus, no allowance for uncollectible pledges has been recorded. Conditional promises to give are not recognized until such time as the conditions are substantially met. Conditional promises to give total \$35,000 and \$63,000, for the years ended June 30, 2017 and 2016, which are subject to various match requirements.

NOTE 3--TEMPORARILY RESTRICTED NET ASSETS

As of June 30, 2017 and 2016, temporarily restricted net assets represent funds for team grants and team booster accounts in the amounts of \$971,551 and \$640,577.

**WASHINGTON FIRST ROBOTICS dba FIRST WASHINGTON
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2017 AND 2016**

NOTE 4--IN-KIND DONATIONS

The Organization's success is built upon the volunteer engagement of technology and other professionals, many of which have high level technical skills that are used to guide and train students. During the years ended June 30, 2017 and 2016, the Organization used the services of approximately 5,600 and 5,000 volunteers to implement their program activities. These volunteers served as mentors, teachers, engineers and event staff. Management estimates that volunteers provided over 580,000 and 547,000 hours of service, respectively.

The Organization received donated professional and other services primarily related to technology. The fair value of the services has been determined to be \$910 and \$2,147 for the years ended June 30, 2017 and 2016, respectively, and is recorded in administrative expenses in the statements of activities and changes in net assets.

The Organization was also granted the use of exhibition space for competitions. The fair value of the use of these facilities has been determined to be approximately \$67,000 for each of the years ended June 30, 2017 and 2016, respectively, and is recorded in the program expenses in the statements of activities and changes in net assets.

Equipment was also donated during the years ended June 30, 2017 and 2016, and has been recorded at its estimated fair value of \$151,500 and \$11,000, respectively. The donated equipment received in the fiscal year 2017 was contributed to teams and is recorded as a program expense in the statements of activities and changes in net assets. The equipment received during the 2016 fiscal year was placed into operations and is recorded in property and equipment on the statements of financial position.

NOTE 5--RELATED PARTY TRANSACTIONS

The Organization is affiliated with the United States Foundation for Inspiration and Recognition of Science and Technology (FIRST), a national nonprofit organization. The Organization bills and collects event registration fees and program participation fees from Washington and Oregon teams who participate in FIRST programs. Fees collected and remitted to FIRST are reported net within program service revenue. Total fees collected and remitted to FIRST during the years ended June 30, 2017 and 2016, were \$713,400 and \$654,750.

As of June 30, 2016, the Organization entered into an agreement with the Oregon Robotics Tournament and Outreach Program (ORTOP) to work together in advertising and recruiting teams from Oregon for the FRC program. The Organization has an exclusive right via an agreement with FIRST to organize and operate the Oregon FRC events, while ORTOP had the exclusive rights to organize and operate the Oregon FLL Jr, FLL, and FTC programs in Oregon.

WASHINGTON FIRST ROBOTICS dba FIRST WASHINGTON
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2017 AND 2016

NOTE 5--RELATED PARTY TRANSACTIONS (Continued)

Under the agreement, ORTOP will perform services such as advertising and will collect and remit donations and program fees to Washington First Robotics relating to the Oregon FRC program. The Organization will then reimburse ORTOP for expenses incurred in providing those services. ORTOP began providing services under the agreement during the fiscal year ended June 30, 2017. For the years ended June 30, 2017 and 2016, ORTOP approximately \$123,000 and \$0 in providing these services for which the organization will be reimbursed. The Organization owes ORTOP approximately \$57,500 and \$0 as of June 30, 2017 and 2016, which is included in accounts payable.

Additionally, members of the Board and management made donations totaling approximately \$27,000 and \$27,500 during the years ended June 30, 2017 and 2016. Of the \$27,000 donated during the 2017 fiscal year, \$10,000 is receivable and recorded with promises to give in the statement of financial position as of June 30, 2017.

NOTE 6--CONCENTRATIONS

The Organization maintains cash balances in certain financial institutions that may, at times, exceed limits insured by the FDIC. The Organization does not believe it is exposed to significant credit risk on cash and cash equivalents as deposits are maintained in high quality financial institutions and the Organization has not experienced any losses in such accounts.

NOTE 7--OPERATING LEASE

The Organization leases office space under a non-cancelable operating lease agreement which will expire in November 2021.

Future minimum lease payments under the non-cancelable operating lease are as follows:

<u>Year ending June 30,</u>	
2018	\$ 87,868
2019	90,504
2020	93,216
2021	96,016
2022	40,642
Thereafter	-
	<u>\$ 408,246</u>

Total lease expense for the years ended June 30, 2017 and 2016, was \$112,168 and \$93,687.

**WASHINGTON FIRST ROBOTICS dba FIRST WASHINGTON
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2017 AND 2016**

NOTE 8--RETIREMENT PLAN

Effective January 1, 2017, the Organization established a SIMPLE IRA retirement plan. All employees are eligible to participate in the plan. Under the plan, the Organization elects to make a 1% or 3% match of an employee's salary reduction contributions or makes a non-elective contribution equal to 2% of up to \$250,000 of an employee's wages. Employees are eligible for the non-elective contribution if they earn more than \$4,900 during the calendar year. For the 2017 calendar year, the Organization elected to provide a 3% match under the plan. Contributions paid during the fiscal years ended June 30, 2017 and 2016 total \$1,733 and \$0.

NOTE 9--SUBSEQUENT EVENTS

The Organization has evaluated subsequent events through November 17, 2017, the date which the financial statements were available to be issued.
