Printing your Roster cont'd

After you click 'Manage Contacts', it will take you to this screen, where you print

your roster-

As you can see, mine is greyed out and has help text. I am unable to print because I do not have a lead coach 1 and a lead coach 2 assigned and passed the youth protection screening (ypp)

Roster Cont'd

If your students are not listed on your roster with a green check mark, then they are missing something. If you have no students listed, email me and I will send you the paper consent forms for the parents to sign.

You must bring the consent forms and roster to every event your team attends- regardless if there are students listed or not!

What's after State?

The 2 Champions award winning teams (one from East and one from West) will each get a spot to World Festival in Houston.

The Champions award finalist teams (one from East and one from West) will get first choice out of the FLL Open Events.

Once the finalists have chosen, the remaining open spots will open for signups to the award winning teams from the 2 state championships.

Teams will be selected at random for each event, so make sure you only sign up for events you can actually attend.

If there are remaining spots, the sign up will open to teams that attended the state events.

What's after State cont'd-
