Menstrual Equity & Quiet Rooms

Menstrual Equity Host:

We don't yet have a menstrual equity host for this event but I'm sure we will have one once more teams have qualified.

Products will not be put in the bathrooms at this event but you will be able to find them at Pit Admin and the Menstrual Equity Host's pit.

Quiet Room Host:

We will not have a quiet room at this event

Activities

See schedule for times

Mentor Lounge

A place where mentors can go to get away from the loud hustle bustle of the tournament and to collaborate with mentors from other teams

Dates

Thursday, April 3, 2025 10am to 5pm

Friday, April 4, 2025 10am to 5pm

Saturday, April 5, 2025 9am to 2pm

Light snacks, water and coffee will be provided

Calling All Student Musicians!

The return of a pre-pandemic PNW tradition!

In previous years, we've organized a student band or orchestra to perform the National Anthem at opening ceremonies. We'd like to restart this at the 2025 District Championships.

All instrumentalists and vocalists are welcome.

We will have 2 rehearsals: one on Thursday and one on Friday. Times TBD.

Organizer: Michael Goldsmith, Lake Monsters, Team 2635

FIRSTWA Listening Session

Hosted by FIRSTWA staff and community members

FIRSTWA strives to make your team's experience the best it can be!

Support us in this mission by dropping by our listening session and telling us:

- What is working for your team
- What has negatively impacted your team
- Where you most need support

Sessions will be held at all FRC District Events and the District Championship Event.
Please see the individual event schedules for workshop date and time.

Byte Sized Builders

A space for children to get hands-on with STEM toys and art

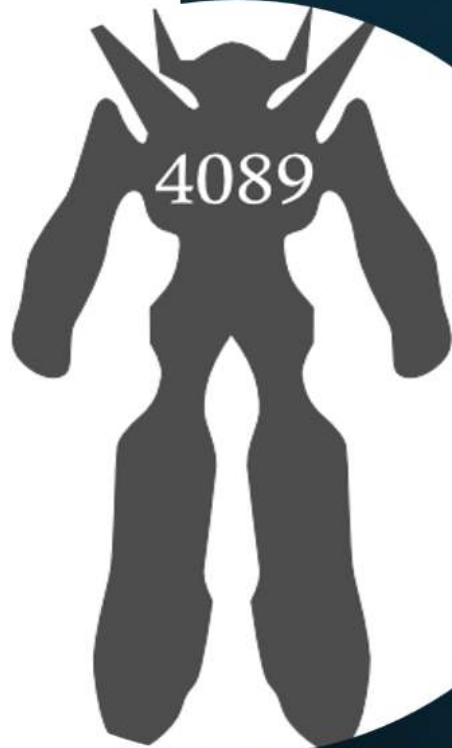

Staffed by student volunteers

Guardian supervision required

Open: Friday & Saturday

8:30am-6:00PM

A pilot project hosted by STEALTH #4089

Tiara Friday 4/4 - DCMF

What is the Tiara Project?

Tiara Saturdays/Fridays have been managed by teams 1778, 2046, and 6696 throughout the year. The goal of the project is to increase visibility and gather support for women in STEM. All are encouraged to bring or make a tiara to support the cause, we will be providing awards and trophies to the individuals/teams that go above and beyond. We are excited to collaborate for this event!

What is the "Make a Tiara Station"?

The three participating teams have held Tiara events at almost every competition in the PNW district this season. We have heard several times from individuals and teams who want to participate, but have forgotten a tiara. To solve this issue and encourage more to participate, we are bringing a DIY Tiara station! Anyone is welcome to create a tiara that represents them or their team, completely free of charge, with materials donated from 1778, 2046, and 6696. We will have colorful paper, rhinestones, paper tiara templates, and more!

Outreach Celebration!

6:30-8PM April 3rd! Hosted By FRC Lake Monsters and Iron Patriots

Workshops

See schedule for times

Adhesive Mayhem: Milling without clamps

Owen Gillick 2557

This hands-on workshop is to teach how to use a Super Glue Fixture for milling. I plan to go over the pros and cons of this fixture and then do a hands-on walk through where groups of 2 – 3 people will make these fixtures, Teaching them step by step how to make a super glue fixture. The workshop will be 45 min long.

THE PROGRAM IN YOUR COMMUNITY

Gender Equity Movement in STEM

We help gender minorities
SHINE as future members
of the STEM world!

**Join our Discord to be a
part of future events
and activities!**

About Us

Founded by Zaakirah Ali in 2023, GEMS (formerly WINS) is dedicated to promoting gender equity in STEM. During the 2023-2024 Crescendo season, we hosted gender bias workshops at local competitions like Glacier Peak, Sammamish, and the 2024 PNW Districts in Portland.

In the off-season, we continued our advocacy at Girls Gen 2023, where we were awarded the Judges Award for our efforts towards gender equity and awareness plans.

Together, GEMS continues to build a more inclusive future in STEM, empowering gender minorities to lead with confidence and break down barriers.
